NOTICE TO FOREIGN PRIVATE INVESTORS IN AFRICA

Cabinet MAC, established in Dakar in 2013, has a regular status and covers Senegal and most Black African states including Burkina Faso, Ivory Coast, Guinea Conakry, Congo, Chad, Mali, the Central African Republic, etc.

Its role is to ensure easy access to investors to African States, where there are immense potentialities in raw materials, investment and development projects in various fields: trade, industries, road, airport, health, education, academic and social infrastructures, energy, electricity, mining, telecommunications, tourism etc.

Moreover, these countries have structures in charge of ensuring physical, legal and judicial security, guarantees and insurances of reimbursement through sovereign wealth funds of the States.

Investors may also invest directly, in association with national governments or with private individuals.

The needs of African countries are expressed in billions of dollars expressed through thousands of projects.

Mahamat Abdoulaye

General manager
